CONTRACTS AWARDED FOR CONSTRUCTION OF STREETS

At a special meeting of the Board of Council of the City of Paris, held in the Council Chamber, at which the entire membership of the body was present, final action was taken with regard to the material to be used in construction of the streets of Paris. After lengthy discussion as to the merits of the different kinds of paving material the Council finally decided upon plain concrete mixed with an aggregate amount of gravel as being the most suitable for long service, and unanimously adopted a motion to that effect.

The contract for repaving the entire length of Pleasant street and Main streets from Tenth to Fourteenth was let to R. W. Burks & Co., of Louisville, at \$2.45 per square yard, or a total of \$46,632.15. The work is guaranteed for a period of five years. The work is to be carried on under the direct supervision of Mr. A. H. Boener, expert engineer employed by the city.

The contract for the reconstruction of High Street was not let at the special meeting, as the Kentucky Traction & Terminal Company is under a contract with the city to pay one-third of the upkeep of the street, and no final agreement between the city and the Traction Company has yet been effected.

The bids for the work were as follows:

Main Street—Kentucky Rock Asphalt—R. W. Burks & Co., \$18,170.50; Speed & Parker, \$16,988.75. Concrete—Six-inch sand and gravel base, gutter and curb—R. W. Burks & Co., \$14,874.10; Speed & Parker, \$17,775.70.

Pleasant Street—Kentucky Rock Asphalt—R. W. Burks & Co., \$34,938.45; Speed & Parker, \$36,662.70. Concrete—Six-inch sand and gravel base, gutter and curb—R. W. Burks & Co., \$31,858.15; Speed & Parker, \$38,629.50.

The contract was awarded to R. W. Burks & Co., Louisville, for concrete on six-inch sand and gravel base, with concrete gutters at lowest price. Carey & Reed, of Lexington, figured on sheet asphalt at \$17,253.05 for Main street, and \$37,375.70 for Pleasant street.

LIGHTNING KILLS BRUMMEL, \$50,000 IMPORTED RACER

Lightning late Tuesday afternoon struck a barn on the Glen Helen farm of John S. Barbee, near Lexington, and instantly killed Brummel, famous imported English racing sire valued at \$40,000 to \$50,000. The horse and stall were almost incinerated. Brummel was nine years old. No insurance was carried on him.

Two stalls away was Sweep, premier thoroughbred sire of 1918 for which \$100,000 has been refused, but Sweep was not even shocked.

Brummel was owned by Barbee and Luke and Mr. Brownell Combs.

Brummel was imported four years ago by Barbee. He was by Desmond out of Beauty's Daughter, and was the only son of Desmond in an American stud. His dam's sire, Gallinule, was 1918 champion broodmare sire of England.

William Holloway, negro, 18 years old, was instantly killed, and Eugene Washington, 14-year-old white boy, was seriously injured when lightning struck a barn on the Headley farm, seven miles from Lexington, on the old Frankfort pike, about 4 o'clock Tuesday afternoon. Both of the boy's legs are affected below the knees.

When the storm started Holloway and Washington were working in a tobacco field and took refuge in the barn. They were standing in the doorway when lightning struck one side of the structure, killing Holloway, injuring Washington and knocking the others down. None of the rest were hurt, however.

A small burn on the right temple was the only mark left by the lightning on Holloway's body.

THE AUGUST PRIMARY ELECTION

To-morrow morning at six o'clock the polls in the various voting places in the city and county will be opened for the battle of ballots in the city and county in which candidates for the nomination for State office will be waged. The polls will be open from six in the morning until four in the afternoon, at the end of which time somebody will be the nominee and someone else will have been defeated.

In this county very little interest has been manifested in the election. The campaign managers of both Gov. Black and Judge Carroll have been actively at work, and the county is claimed for both by small majorities. But the result will be told in the tabulation of the vote to-morrow night. Besides the races for the State offices candidates for Representatives from Bourbon county in the next Legislature, James H. Thompson, Democrat, and N. A. Moore, Republican, will be opponents. Candidates for the City Council will be the only local races in contention.

It was stated yesterday that the men who have been named as officers for the election to serve Saturday must positively appear promptly or they will hear from the authorities. It was said that owing to the failure of the men named to meet and prepare for their work at the various voting precincts at prior elections, it had been decided to have officials take the names Saturday of all who do not appear, and these names will be given to the authorities for future action.

For years it has been a practice amounting almost to custom in some places for men who did not feel so disposed, to fail to appear as officers of election. It has been decided to put a stop to this practice.

This is the first primary election we have had in Kentucky when there was no distinctive issues represented by the opposing candidates for Governor. There is no really material issue between Black and Carroll. They are both clever gentlemen, and a great many Democrats have no especial choice between them. There is nothing to stir up any special commotion about, and that is the reason for the apparent indifference among so many Democrats. They are willing to vote for either Black or Carroll and many of them don't care a tinker which one is nominated. But—

The Republicans are claiming that the apathy in the Democratic ranks over the primary to-morrow argues well for Republican success in November. They are hugging a delusion. There is no party apathy, it is only apathy in the matter of choosing a candidate. The camp-fires of Democracy will be lighted on every hill top and in every valley, and the "boys in the trenches" are going to see to it that the boast of the Republicans that they are going to carry Kentucky shall not be verified by the election returns.

LOUISVILLE ATTORNEY SUCCEEDS LATE REUBEN HUTCHCRAFT, JR.

Mr. W. S. Hamilton, a member of the firm of Barrett, Allen & Atchison, of Louisville, has been appointed a professor in the College of Law, at the University of Kentucky, and will begin his duties at the next semester. He succeeds Capt. Reuben Hutchcraft, Jr., of Paris, who was killed in action in France a few days before the signing of the armistice. Mr. Hamilton is a graduate of the University of Kentucky and of Oxford University, where he went as a Rhodes scholar from Kentucky.

TO THE PUBLIC.

Having purchased of Mr. Charles P. Mann his Racket Store in this city I will at once close out at very low prices some of the lines he has been carrying. This will be done in order to make room for the new line of dry goods, silks, notions, shoes, etc., that I have recently purchased, and which will be in and on display about Aug. 6. My friends in Bourbon and Nicholas are especially asked to make note of my location, 607-609 Main street, Paris.

THE ICE FAMINE ACUTE; TALK OF NEW PLANT.

Perhaps the most absorbing theme of conversation on the streets of Paris, in business houses, and even in homes, where the torrid heat forces the situation squarely upon the attention of the talkers, is the scarcity of ice in Paris, and the probability of immediate relief from what is proving a serious shortage of that necessary article.

In the past few days the situation has reached an acute stage. The Paris Ice Manufacturing Company has been able to furnish but a limited supply, and is unable to get ice from the ice plants in surrounding towns, where the famine is also beginning to be manifest. On many streets in the city last Monday the wagons failed to make their appearance, and those who managed to locate one of them only secured a very small amount. Restaurants, soft drink and soda water stands, hotels, boarding houses, private homes, business houses, and in fact, almost every line of human endeavor keenly feel the absence of the cooling article.

In many families where there is sickness it has been almost impossible to secure enough ice for cooling drinking water. Appeals sent out to neighboring towns elicited the reply that they could barely furnish enough for their own patrons, and that none could be spared for outsiders. While this condition has existed in Paris every summer for the past few years, to a more or less marked degree, it has been worse this season, and the chances are that it may be worse the coming season. Incidentally, it may be remarked, that price to the consumer has steadily risen, until, it is said, eighty-five cents per hundred pounds is being charged at the present time. Some time ago it was stated that the reason for the shortage in ice at that time was due to the low stage of water and the warm temperature of the water in Stoner creek, which is the principal source of the ice-making plant's supply.

Realizing the fact that the health of the community has been placed in jeopardy and that there is no prospect of relief at present a movement was started a few days ago by a number of public-spirited citizens to form a stock company for the purpose of securing a site and erecting an ice manufacturing and storage plant with sufficient capacity to supply more than the needs of the people of this city and county. Petitions were

AS CRADDOCK SAID: "WHO CAN BEAT IT?"

A Ponda Rosa tomato, weighing 2½ pounds, and measuring twenty-one inches in circumference, grown by Mr. J. Will Thomas, of Paris, is on display in the show window of J. W. Davis & Co. Mathematicians figured that at the prevailing market prices the luscious fruit would cost a purchaser about seventy-five cents, and that at the prevailing prices charged at the local restaurants for "sliced tomatoes on ice" it would take about \$1.75 to pay the bill. The season for big tomatoes is now at hand, and we expect to hear of many rivals to Mr. Thomas' product being brought out.

THE CITY'S TAX RATE.

According to the report of the Board of Tax Supervisors, recently submitted, the 1919 assesment for the city of Paris will show a total of \$4,951,000, an increase over the 1918 assesment of \$750,000. The tax rate of \$1.55 for 1918 was not changed and will remain the same for 1919.

Fire, Wind and Lightning Insurance. Thomas, Woodford & Bryan

prepared by County Judge George Batterton, and placed in the hands of solicitors, prominent among whom was Mr. John Merringer for circulation among the business men and the residents of Paris and the county. Within an hour after the paper had been circulated on Main street alone over \$5,000 had been subscribed in stock, and it is now apparent that the promoters will have no difficulty whatever in securing the necessary capital for erecting and operating a plant that will cost in the neighborhood of \$50,000, or possibly more. The shares have been placed on the market at \$100 each, and each day finds more takers.

It is the plan of the promoters to have the stock distributed widely throughout the county, so that the stock may be held in small blocks by farmers, business men, mechanics, laboring men, and all others who have a small amount of capital they can readily invest for sure returns. From present indications the plan is a sure winner, and one that will be welcomed in Paris. Call on any of the promoters and tell them just how much stock you want to subscribe for, for at the present rate you may not get in on the ground floor.

IN THE WHIRL OF KENTUCKY STATE POLITICS.

A crowd estimated at about 2,500 heard Gov. James D. Black speak on Cheapside, in Lexington, Wednesday night, in the interest of his candidacy for the Democratic nomination for Governor. A large number of his supporters and admirers from Paris and the county were in the audience. In his speech Gov. Black paid his respects to his opponents and the Louisville Post, in particular. During his stay he was a guest at the home of Mr. Harry Miller, on Sayre avenue, returning to Frankfort after the speaking. Shortly after the Governor's speech, Mr. M. M. Logan made a speech from the same stand in behalf of the candidacy of Judge John D. Carroll, who was unable to be present.

When Governor Black arrived at Frankfort after the Lexington speech he said that he was feeling fine and as bright as a dollar over his prospects.

"Just say that I said that I am going to win this nomination," was his response when he was asked about his chances in the primary Saturday. "My majority will not be less than 18,000 and it is likely to go away over that. You never saw such good crowds as I am having. The people are for me and I am going to win."

TRUTH ABOUT THE STANLEY AND BLACK VOTE IN 1915.

So many conflicting statements have been made about the votes in the last Democratic primary election held 7th, 1915, and in the November election held November 2, 1915, we wish to give a copy of the official vote cast in Kentucky, August 7, and November 2, 1915.

In the Democratic primary held August 7, 1915, A. O. Stanley received 107,585 votes; for Lieutenant-Governor, James D. Black received 69,616. The official vote cast at the general election held November 2, 1915, A. O. Stanley received 219,991, and James D. Black, for Lieutenant-Governor, received 215,855.

It is always the rule that the head of the ticket receives more votes than any other candidate in the same column. However, in Knox county, the home of James D. Black, Stanley received 758 votes and James D. Black received 1,599. Notwithstanding the fact that Governor Black received nearly twice as many votes in his home county, he ran 4,144 votes behind Stanley in the entire State. (Advertisement)

EDITORIAL MUSINGS.

An Injustice To John Fox, Jr.

In a recent issue of the Philadel-
phia Record there appeared the fol-
lowing article, which will be of in-
terest to the many friends of the late
Mr. John Fox, Jr., an honored native
of this country, and one of the most
prominent men of letters of his day:
"The death of John Fox, Jr.,
moves from the world of American
letters an interesting though not
towering figure. He wrote prolific-
ally, and his novels had considerable
vogue for a little day, but the prod-
uct of his fancy did not wear well."

"The best of his stories, and the
one that will come most readily to
the minds of the reading public at
mention of his name, is 'The Trail of
the Lonesome Pine.' And this fact
offers some food for curious specula-
tion. The title of the novel was af-
terward pre-empted by a song writer,
probably with the novelist's consent,
and the melody became at once pop-
ular. It is still a favorite with the
plain people, and though the compos-
er's name may be known to fewer
thousands than that of John Fox, Jr.,
his tuneless numbers certainly reach-
ed a wider audience than Fox's novel
ever did."

"It might be found, too, that 'The
Trail of the Lonesome Pine,' as a
song earned more money for publish-

er and melodist than it did as a story
for publisher and novelist. We might
add, too, that the song sales surpass-
ed the revenue from the play which
was subsequently adapted from the
novel.

"As to that, we can't be sure, but
there is no question whatever that to
most people 'The Trail of the Lones-
some Pine' means a song and not a
book or a play."

If John Fox had written nothing
but "The Trail of the Lonesome
Pine," the above criticism might be
warrantable, but he wrote a whole
shelf of books that will survive their
author, not because they are great
books, but because they are readable
stories, good pictures of mountain
life and in some cases very good hu-
morous writing.

The Record's writer is perhaps not
familiar with the Fox short stories
which were famous before he wrote
"The Trail of the Lonesome Pine,"
and which, like James Lane Allen's
very different stories, seem to have
embodied more of the spirit of the
writer than was found in his long
stories with their melodramatic popu-
lar, and perhaps, passing, appeal.

The American Legion.

The very name of the American
Legion, the organization that is be-
ing formed by discharged soldiers of
the World War, is a happy choice,
and the plan of organization, in
which there shall be neither consid-
erations of party nor official rank,
but all the members shall be on the
same level in every respect, is a nec-
essary outcome of the great contest
in which the men were engaged for
the defense of democracy. This or-
ganization is going to have a place in
the activities of the country and in
the affections of the people equal to
that held for so many years by that
other wonderful organization of
American soldiers, the Grand Army
of the Republic.

And it is believed that it is a duty
that every man who served in the
World War owes himself and to the
country to become a member of this
new organization. It is certain that
it will have a powerful influence up-
on the nation as a whole to keep it
always facing forward as the cham-
pion of right and justice. In the
years that are to come there are sure
to come up many problems for the
right solution of which the influ-
ence of this great body of men who
know something of the fundamental
duties of national existence will be
absolutely necessary. The American
Legion is bound to be a force stand-
ing for all that is virile and forceful
in the nation's life. It would be neg-
lecting his opportunity for a man
who is entitled to be a member to
avoid his duties within the ranks of
the organization.

An Auto Romance.

Charming Gladys had a mirror
And she thought 'twas very nice
To use it several times a day
Just to "powder" once or twice.
Now, her sweetheart had an auto
Which sometimes wouldn't go
So their romance nearly came to
naught
'Cause its battery "stalled" them so.
Gladys sometimes read the papers,
Knew something too—was up-to-date
And a big "spark" was her hobby
So she wouldn't trust to fate.
But told her lover she was willing
A magneto should be tried;
Since then the "go" is thrilling
For the wedding-knot's been tied.

BOURBON COUNTY CONVICTS FIG- URE IN DAYS' NEWS.

John R. Elliott, a young white
man, sent up from Bourbon county
for alleged horse stealing, and who
recently walked away from the State
reformatory, at Frankfort, where he
was a trusty, was returned to the in-
stitution by his aunt, who lives near
Lexington.

Elliott went to her home after es-
caping and she persuaded him to re-
turn and give himself up to the pris-
on authorities, saying that he should
serve out his term. She declined to
claim any reward for bringing the
fugitive in, although \$100 reward was
offered. Elliott, who said he walked
away because he was homesick, had
yet seven months of a four-year sen-
tence to serve.

William McCoy, negro lifer from
Bourbon county, confined at the
Frankfort reformatory, where he
has been a trusty, and engaged in
driving a wagon for the Frankfort
Chair Company, which operates with
prison labor, is accused of stealing
chairs from the company and selling
them to Frankfort parties.

The chair company is within the
prison stockade. McCoy drives a
prison wagon hauling chairs from
the plant to the railroad car. When
unloading the wagon the negro
would leave about a dozen chairs in
it and would then sell them. He
confessed that he sold them as used
chairs. About twenty-five dozen
chairs were found at a dealer on
Washington street, who had been a
previous customer of the chair com-
pany.

NATIONAL WAR WORKERS REN- DER FINANCIAL REPORT

NEW YORK, July 31.—First de-
tailed accounts of the receipts and
expenditures of the Young Men's
Christian Association, made public
Sunday by the Finance Committee
of the National War Work Council
of the organization, show that \$125-
282,859 was received between April
26, 1917 and March 31, 1919.

Expenditures aggregated \$97,817-
005 in the period named, it is stat-
ed, leaving a balance of \$27,465,854,
a sum estimated to be sufficient to
carry on the work in America and
abroad until January 1.

According to the figures, which
appear over the signatures of George
W. Perkins, Chairman of the commit-
tee; Cleveland H. Dodge, Treasurer
of the War Work Council, and H.
W. Wilmot, Comptroller, slightly
more than 2 per cent of the total
funds contributed by the American
public were expended for religious
purposes in the United States and
overseas, while approximately 80
per cent was devoted to the pur-
chase, transportation and distribu-
tion of canteen supplies and to enter-
tainments, education and athletic
sports.

In addition to providing free ath-
letic supplies, which included, among
other things, in the United States
camps alone 557,096 baseballs and
20,000 sets of boxing gloves, the re-
port says, the Y. M. C. A. distributed
overseas \$36,832,449 worth of mer-
chandise. Of this merchandise \$1-
794,771 worth, or approximately 5
per cent, was given to the soldiers
free. This does not include
overseas Christmas gifts and enter-
tainments worth \$651,963.

Of the \$97,817,005 expended, it is
shown, more than \$30,000,000 was
spent in the home camps, more than
\$43,000,000 with the American Ex-
peditionary Force abroad and \$14-
409,175 for work with the allied
armies and prisoners of war.

The balance was used for other
expenses. The statement explains
that the "Y" suffered a loss of \$1-
478,084 in the operation of army
post exchanges and canteens. Also,
on account of the depreciation in
values of French and English cur-
rency the conversion of the overseas
figures at market rates resulted in
a book loss of \$2,432,089.

The report, the committee makes
clear, is not final because the war
service of the Y. M. C. A. which
reached its maximum in March of
this year, is being continued in the
United States and foreign countries.
Three war work campaigns for
funds, it points out, brought from
the American public \$123,254,052,
and this amount, the report states,
was augmented to \$125,282,859 by
sums from other sources.

Some idea of the magnitude of the
work accompanied by the organiza-
tion is shown by the statement that
more than 97,000 concerts, vaude-
ville performances and other enter-
tainments were given by the "Y"
in American cantonnments to an ag-
gregate audience of 43,500,000, at a
cost of \$1,166,767. In addition,
free motion picture shows in the
home camps necessitated an outlay
of \$2,328,271.

Erection of 950 huts for men in
training camps on this side cost
\$7,698,984, and the outlay for main-
tenance was \$3,965,736. "These
buildings," says the report, "were
centers of religious, educational, en-
tertainment and athletic activities
for all men who passed through the
camps on their way overseas or who
used the centers through the period
covered by the report and still are
using them."

Overseas the statement says, work
of even "a vaster scope" was ac-
complished. The 1,900 or more "Y"
huts and tents built or leased for the
use of the American expeditionary force
cost \$4,801,271, were equipped at a
cost of \$2,950,421, and maintained
at a further expense of \$1,014,337.

Writing materials and newspa-
pers for the overseas men, including
400,000,000 sheets of letter paper,
half as many envelopes and 16,000,
000 postcards, cost \$2,296,808. For
motion picture shows, in which 13-
000,000 feet of films were used in
France alone, and spectators aggre-
gated 50,000,000, the "Y" paid \$1-
066,757. More than 34,000 concerts
and entertainments increased the ex-
penditures by \$850,969.

In accounting for the balance of
\$27,465,854 March 31, 1919, the
statement lists assets of the War
Work Council on that date as \$43-
333,166. These included, it is said,
\$8,835,881 cash on hand and assets
overseas amounting to \$18,761,676.
Canteen supplies on hand included
goods worth \$5,992,591. Outstanding
accounts were said to aggregate
\$9,736,366.

"On the same date," the state-
ment concludes, "current liabilities
and reserves amounted to \$15,867-
312, including \$2,792,964 in bills
and salaries due in the United States
and \$6,594,720 due overseas. There
received from the men of the Ameri-
can expeditionary force for transfer
to the United States. It owed the
British, French and United States
Governments for transportation and
supplies \$3,022,538."

KENTUCKY TO HAVE ELEVEN CENSUS SUPERVISORS.

Under the plan adopted by the Di-
rector of the Census for the taking of
the 1920 census, Kentucky is to have
eleven census supervisors, one for
each Congressional district. Each
supervisor will have approximately
100 enumerators under him, who will
do the actual house to house work
of enumeration. Of course the enu-
meration will not start until 1920,
but it is believed the supervisors will
soon be appointed so they can make
all the preliminary arrangements in
time to start work promptly the first
of the year in taking the count of the
people. Sometime ago, therefore, an-
nouncement of the appointment of the
supervisors may be expected.

ONE BATH TUB TO FIFTEEN HUN- DRED PEOPLE!

A housing survey of a block in
East Thirty-third street, New York,
made for the State reconstruction
commission shows one bath tub in
forty-three tenement houses in which
live 1,500 persons. The tub is the
property of a saloonkeeper. It is for
use by the owner and his family, and
comparatively few of the other 481
families on the block have even seen
it. However, the fact that the bath
tub is in existence is one of the
neighborhood's prides. The next
nearest approach to bathing facilities
discovered by investigators on that
block was a stationary washtub,
fitted up with a partition which can
be lifted out on Saturday night.
There are 1,573 rooms for 1,709 men,
women and children. Of the chil-
dren 233 are under five years of age.
There are 29 boarders in the 462
rented apartments, none of whom has
the privilege of using the only bath
tub on the block.

HUSBAND SAVES WIFE

From Suffering by Getting Her Lydia E. Pinkham's Vegetable Compound.

Pittsburgh, Pa.—"For many months I was not able to do my work owing to a weakness which caused backache and headaches. A friend called my attention to one of your newspaper advertisements and immediately my husband bought three bottles of Lydia E. Pinkham's Vegetable Compound for me. After taking two bottles I felt fine and my troubles caused by that weakness are a thing of the past. All women who suffer as I did should try Lydia E. Pinkham's Vegetable Compound." Mrs. JAS. ROHRBERG, 629 Knapp St., N. S., Pittsburgh, Pa.

Women who suffer from any form of weakness, as indicated by displacements, inflammation, ulceration, irregularities, backache, headaches, nervousness or "the blues," should accept Mrs. Rohrborg's suggestion and give Lydia E. Pinkham's Vegetable Compound a thorough trial.

For over forty years it has been correcting such ailments. If you have mysterious complications write for advice to Lydia E. Pinkham Medicine Co., Lynn, Mass.

SUNDAY SCHOOL INSTITUTE AND CHRISTIAN WORKERS' CONFERENCE

A Sunday School Institute and Christian Workers' Conference for the Presbyterians of Kentucky will be held at the Lees Collegiate Institute, Jackson, Ky., under the auspices of West Lexington Presbytery, August 20 to 24. Every church and Sunday school in the State is invited to send one or more of its workers to this conference which will be both an inspirational gathering and a school of methods. The speakers who have been invited to take part, both in general meeting and in the conferences that will be held, are experienced in the work they will discuss, and every effort will be made to teach, as well as inspire and entertain, those who attend. All phases of Christian work will be discussed.

Among the speakers who have already been secured for the conference are the Rev. Dr. Henry H. Sweets, of Louisville, Secretary of the General Assembly's Committee on Christian Education and Ministerial Relief; the Rev. Dr. Egbert W. Smith, of Nashville, Tenn., Secretary of the Committee on Foreign Missions; the Rev. Dr. Homer McMillan, of Atlanta, Ga., Secretary of the Committee on Foreign Missions; the Rev. Dr. J. Ernest Thacker, of Lexington, General Assembly's evangelist; Mrs. W. C. Wimsborough, of St. Louis, Mo., head of the Woman's Auxiliary of the Southern Presbyterian church; Alfred D. Mason, of Memphis, Tenn., "noted Sunday expert; Hugh L. Nevin and Owen R. Mann, of the Army Y. M. C. A.; J. H. Dickey, teacher of one of the largest men's Bible classes in the State; the Rev. Messrs. W. B. Guerrant, E. E. Gabbard, Harvey Murdoch, Joseph Hopper, J. C. Hanley and William T. McElroy, Mrs. H. L. Cockerham, G. C. Terry and others.

The music, which will be one of the important features of the conference, will be conducted by Mr. and Mrs. Harry P. Armstrong, of Pittsburgh, Pa., who are experienced song leaders and who will in the future be associated with the Rev. Dr. Ernest Thacker in evangelistic work. Mr. Thomas B. Talbott, Superintendent of Home Missions of West Lexington Presbytery, who has labored successfully for the success of these conferences since the first one was held, will preside.

"DADDY" MOORE GIVEN A FAREWELL SERVICE.

A farewell service to M. George Moore, retiring superintendent of the Pythian Home, was held at the First Baptist church, in Lexington, Sunday morning. The children from the Home attended in a body, and the pastor, Dr. J. W. Porter, preached on "Childhood," speaking of institutional work, referring in particular to the service of Mr. Moore, who responded to the tribute.

After seven years as superintendent of the Home, Mr. Moore severed his connection on Thursday, July 31. He will go to Glendale, Ky., to become head of the Kentucky Baptist Orphanage Home.

DECLINE IN SHEEP

(Weekly News Letter.) Before the war the United States had approximately one-tenth of all the sheep in the world. Since then the total number of sheep has decreased from all causes about one-tenth, possibly more. That makes the world decline in excess of 50,000,000 sheep, or slightly greater than the number of sheep in the United States. In some countries there has been an increase since 1914, but from the reports of the International Institute of Agriculture and also of the Food Administration the countries which report increases are outnumbered by those whose sheep raising declined.

LETTER FROM DENNIS SNAPP TELLS OF VISIT.

"Lake Junaluska, N. C., "Auditorium Hotel, "July 28, 1919.

"Dear NEWS:—"It is again my happy privilege to attend the Southern Methodist Assembly in the heart of the picturesque Blue Ridge mountains.

"Since my visit here last summer I find that there are many new buildings under construction and development along all lines is progressing at a rate that promises to make this religious assembly grounds the most beautiful and extensive in the United States.

"This place has already become so popular that the accommodations are not sufficient for those desiring to attend. In view of this fact plans are now under way for building larger hotels. When I first arrived here the Auditorium Hotel had me assigned to Lakeview Cottage until someone vacated a room in the hotel building. To my very great surprise the cottage belonged to Dr. J. A. Baylor, Assistant Secretary of the Board of Church Extension, Louisville, Ky. Dr. Baylor was on the Centenary team of the Kentucky Conference and spoke in Paris when our Centenary Group meeting was held there. Mr. and Mrs. Baylor and two daughters are spending the summer in their attractive home which borders immediately on the lake. I remained there for two days and was then transferred to my present home, the Auditorium Hotel, which is in charge of Mrs. E. C. McClees. Mrs. McClees is the "greatest mother of Junaluska," and she certainly cares for her large family well. She sees that we are all comfortable and want for nothing.

"The more you see of Junaluska the more wonderful it becomes. There is always something new to attract your interest and admiration. To-day I looked at the surrounding mountains and saw the rain falling in torrents while the sun was brightly shining on the lake.

"My main object here is to better qualify myself for the work in which I am engaged, but at the same time I am enjoying a wonderful vacation. The training courses which I am pursuing are very difficult and require a vast amount of hard study. The faculty of the school is composed of some of the most prominent and best educators in America and they certainly know how to make you work and study. The class periods are from 9 a. m. till noon. The afternoons are devoted to recreation and culture and to preparing next day's lessons.

"In order to complete the course it is necessary to attend eight lectures. These lectures are given in the evening. Chautauqua programs representing the best talent are also presented in the evening.

"This afternoon I took a boat ride with a number of the fairer sex. This was followed by a swimming party. I manage to take a plunge in the large lake most every day. Tomorrow I have an invitation to attend a reception at the Terrace Hotel given by Miss Minnie Kennedy, of Nashville.

"Wednesday afternoon we are arranging for a mountain climb which will be a twelve mile trip. I suppose I will be the only one from the Kentucky Conference, as I have been unable so far to discover anyone from the Bluegrass State. I am fully convinced that Kentucky does not produce all the pretty girls. Seeing is believing. Virginia, Mississippi, Florida, North and South Carolina have some lovely representatives here, who are lending grace to the occasion by their charming personalities.

"My training course will terminate August 6, when I will direct my steps toward Old Kentucky.

"Give my best regards to all. "Cordially yours, "DENNIS V. SNAPP."

GIRLS! USE LEMONS FOR SUNBURN, TAN

Try It! Make this lemon lotion to whiten your tanned or freckled skin.

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sunburn and tan lotion, and complexion whitener, at very, very small cost.

Your grocer has the lemons, and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands and see how quickly the freckles, sunburn, windburn and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

State Campaign Falsehoods Exposed

A Statement By Governor Black

TO THE DEMOCRATS OF KENTUCKY:

I believe I have been more extensively misrepresented in this campaign than any candidate in the history of Kentucky politics, with the possible exception of Gov. Goebel, whom Judge Carroll in his speech at Mayfield, June 21, admitted he refused to support. A righteous cause, however, will withstand many assaults, and I have relied to a great extent in this campaign upon the intelligence of the voters to distinguish between fact and falsehood, and to be influenced in their opinion only by that which is true. My faith in the people has received ample justification in the fact that the rank and file of the Democratic voters are for me in this race. The machine politicians are doing all within their power to encompass my defeat. Indeed, the race has resolved itself into a contest between the people who love clean government and the professional politicians, whose interests are selfish, and whose motives are sinister.

That the voters may not be taken advantage of in selecting a Democratic nominee for Governor, there are some flagrant falsehoods being circulated throughout the State, over the signature of M. M. Logan, Judge Carroll's campaign manager, which I shall let the truth dispose of as follows:

STATEMENT NO. 1.

In my speech at Hopkinsville, Ky., July 22, I said I had been informed that M. M. Logan wrote to T. O. Turner, Judge Carroll's reputed campaign manager in Trigg county, in substance as follows: "Rest easy or sit steady in the boat. If Carroll is elected, the appointees of Gov. Stanley will be taken care of."

In a telegram received by me from M. M. Logan, he alleges he never wrote such a letter, and asks me to prove my statement or withdraw it. My proof is contained in the following affidavit by the Hon. J. Frank Ladd, a prominent farmer of Trigg county, and the Hon. John T. King, County Attorney of Trigg county:

State of Kentucky
County of Christian—Sct.

The affiants, J. Frank Ladd and John T. King, say that they are citizens and residents of Trigg county, Kentucky; that about the middle of June, 1919, they saw a letter written by M. M. Logan to T. O. Turner, Cadiz, Ky., in which the said Logan stated to the said Turner, in substance: "Rest easy, or sit steady in the boat. If Carroll is nominated the Stanley appointees will hold their places."

(Signed) J. FRANK LADD.

(Signed) JOHN T. KING.

Subscribed and sworn to before me by J. Frank Ladd and John T. King, this 22d day of July, 1919.

(Signed) S. F. DAVIS,

Notary Public, Christian County, Kentucky."

Therefore, I refuse to withdraw the statement made by me in my Hopkinsville speech.

STATEMENT NO. 2.

In a recently published advertisement, headed: "Black's Political Record," and signed by M. M. Logan, said Logan states I was a delegate to the Republican convention in Louisville in 1903, when my brother, John A. Black, was nominated for State Treasurer, and that I became a follower of the Republican ticket thereafter. I was never a delegate to a Republican convention in my life, and do not know of a man in Kentucky other than M. M. Logan, who, knowing my lifelong service to Democracy, would be willing to subscribe to such a perversion of the truth. The following affidavit, which is signed by W. H. McDonald, editor of the Masonic Home Journal; Dr. William Carson Black, ex-Representative from Knox county; J. R. Jones, ex-Sheriff of Knox county; John Parker, ex-County Clerk, and W. R. Lay, ex-County Attorney, refutes the statement that I was a delegate to the Republican State Convention in 1903, or a follower of the Republican ticket thereafter:

State of Kentucky,
County of Knox—Sct.

The affiants, W. H. McDonald, W. C. Black, J. R. Jones, John Parker and W. R. Lay, state that they are Republicans in politics, and have been such all their lives; that they are residents of Barbourville, Knox County, Kentucky, except the affiant, W. H. McDonald, who now resides in Louisville, Kentucky, and that they are well acquainted with Governor James D. Black, who is making a campaign for the Democratic nomination for Governor. They state that they were delegates from Knox county, Kentucky, to the Republican State Convention held in Louisville, Kentucky, on July 17, 1903, at which convention Morris B. Belknap was nominated for Governor, and John A. Black, of Barbourville, for Treasurer. They state that the said James D. Black was not a delegate from Knox county to that convention, and did not attend said convention. They say that said James D. Black has been a consistent Democrat in politics as long as affiants can remember.

They make this affidavit in the interest of the truth, and in view of the fact that certain persons are undertaking to disseminate a falsehood against the said James D. Black by saying that he was a delegate to the aforesaid convention.

(Signed) W. H. McDONALD

W. C. BLACK

J. R. JONES

JOHN PARKER

W. R. LAY.

Subscribed and sworn to before me by W. H. McDonald, W. C. Black, J. R. Jones, John Parker and W. R. Lay, this July 21, 1919.

(Signed) V. C. McDONALD,

Notary Public, Knox County, Ky."

STATEMENT NO. 3.

In the same advertisement, "Black's Political Record," the said Logan states I "made a loan of \$2,500 to Caleb Powers, then under indictment." The truth is I never loaned Powers a cent while he was under indictment, or at any other time. But some five or six years ago, and while Powers was a member of Congress, I loaned Dr. Samuel Bennett, a cousin of Powers, \$7,500. At the time I made said loan to Dr. Bennett, said Bennett was making extensive real estate purchases in Southeastern Kentucky. Some time after the loan to said Bennett, by some arrangement agreeable to himself and Powers, Powers agreed to, and did assume a portion of said \$7,500 loan, amounting to \$2,500. But this was not while Powers was under indictment, as Logan says, but while Powers was a member of Congress.

In the appendix of the Congressional Record, page 140, a list of Caleb Powers' indebtedness is given by Powers, which contains the following item in Powers' own language: "To Judge J. D. Black (borrowed by Dr. Bennett) \$2,500."

Powers' own statement shows that said \$2,500 was "borrowed by Dr. Bennett," as explained above by me, and M. M. Logan purposely refrains from stating the truth, and in so doing, the Congressional Record convicts him of a deliberate attempt to fool the Democrats of Kentucky while pretending to give them the truth. This fabrication is Logan's clumsy attempt to make Kentucky Democrats believe I was financially assisting Powers while Carroll was bolting Goebel. My, what a clever politician you are, Mr. Logan!

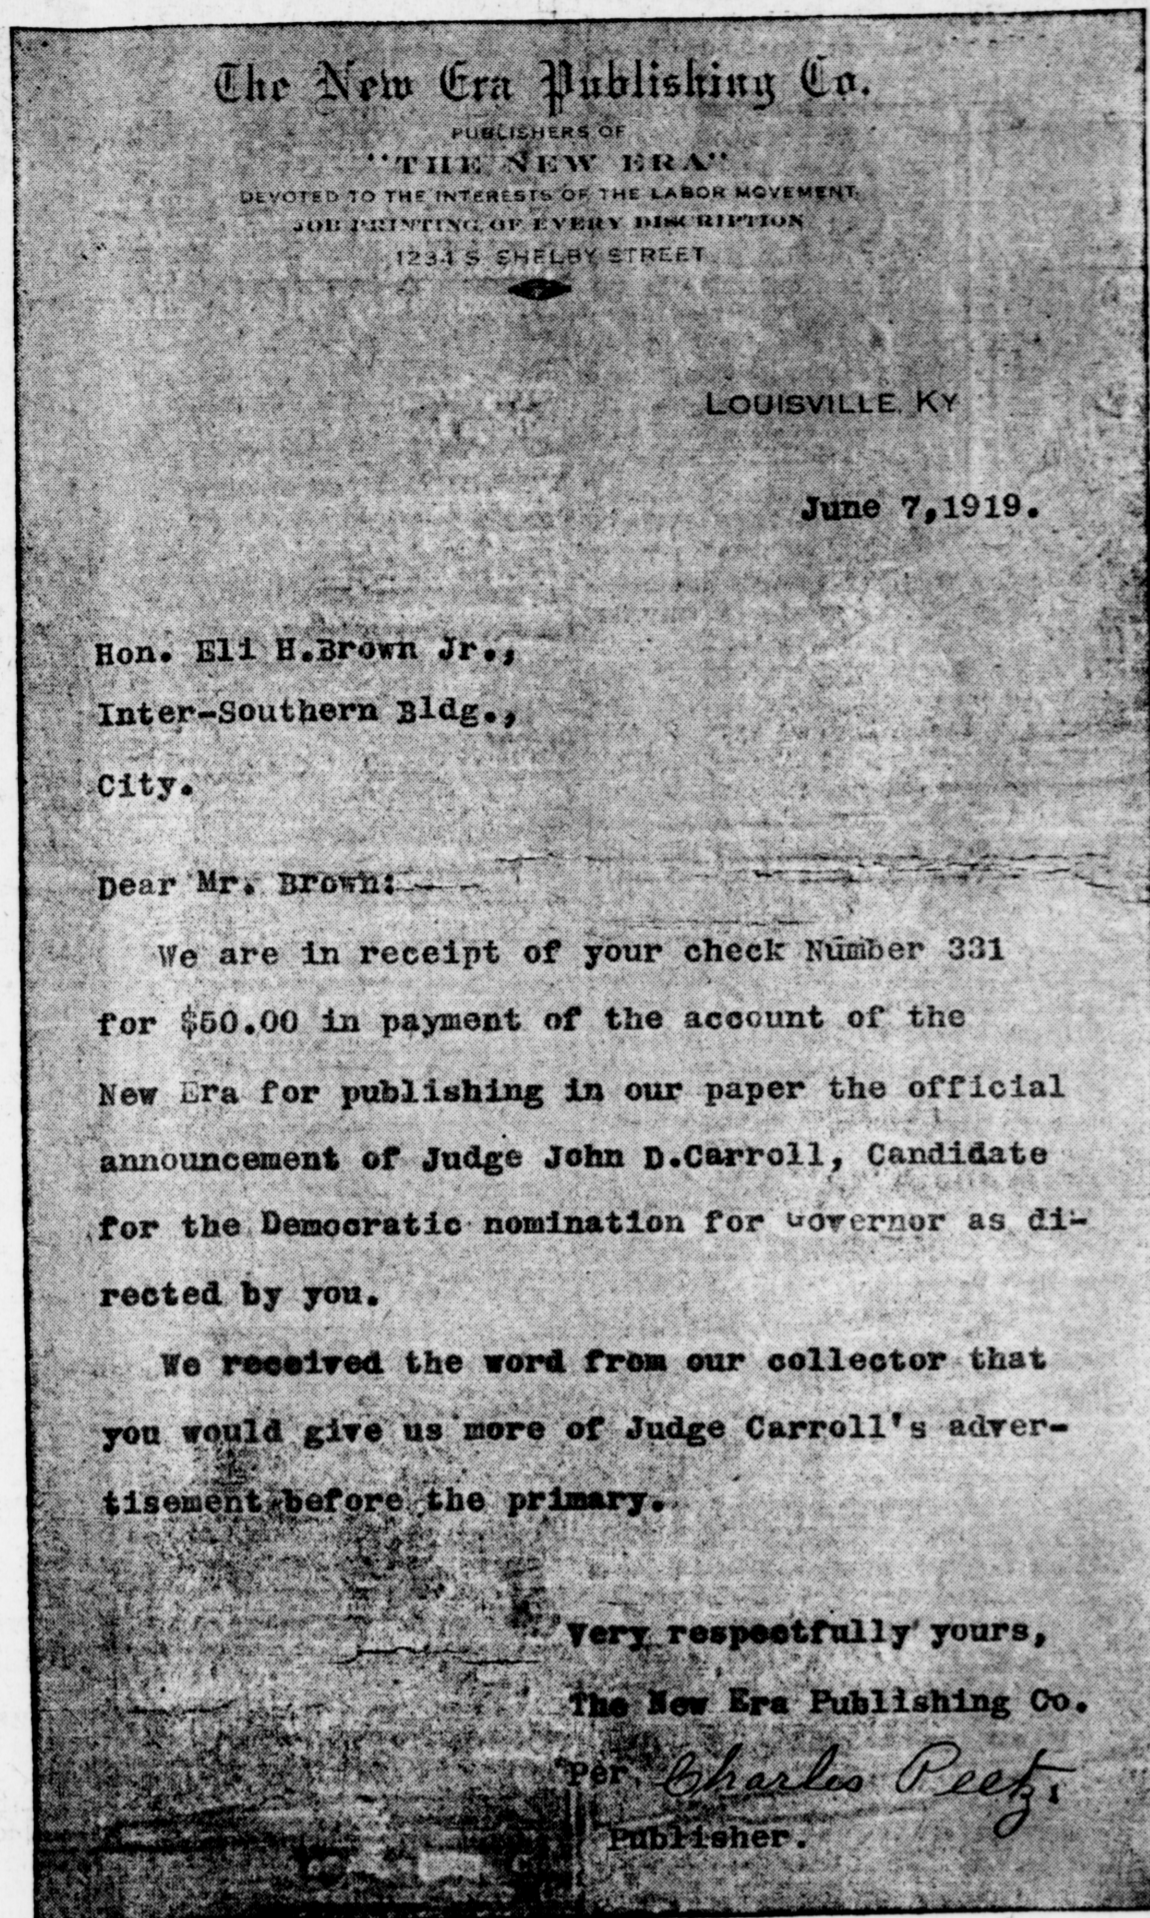

I have an abiding faith in the integrity of the voters of this State, and I do not believe they will be misled by the character of campaign that is being waged against me in my race for the Democratic nomination for Governor. I have been over the State, am acquainted with the sentiment of the people, and I feel absolutely certain that on August 2, I shall be nominated by a substantial majority.

Thanking my friends for their loyal support, I am,

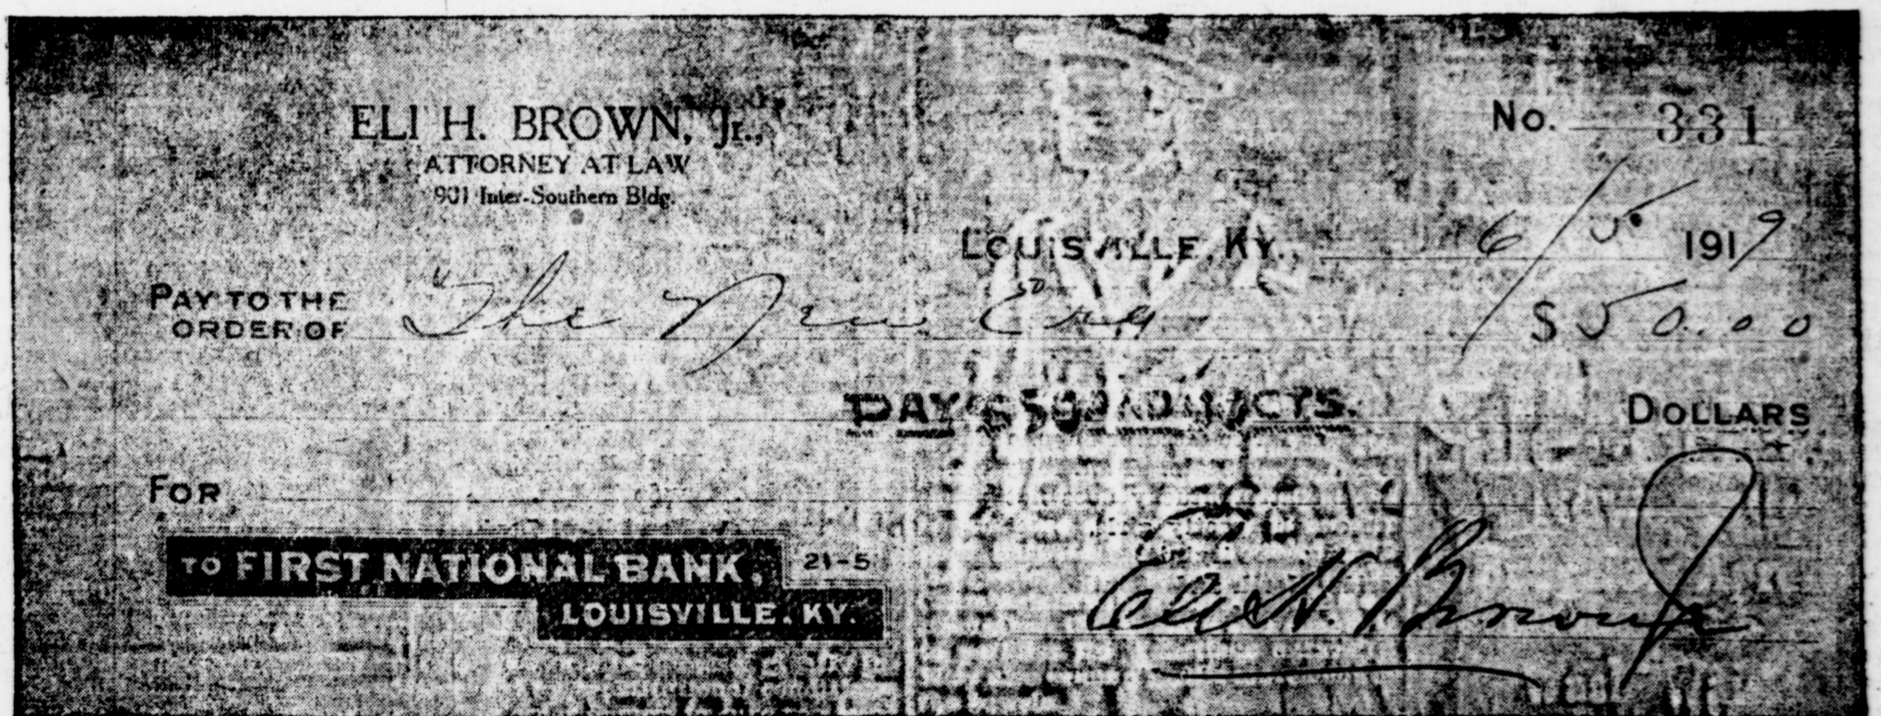

Very respectfully,

JAMES D. BLACK.

Another Contribution to Judge Carroll's Campaign Expenses. This Check was Given to The Louisville Anzeiger.

Who is Eli H. Brown, Jr.?

For your education, read what the Elizabethtown Mirror says:

"The gratuitous monetary aid which Eli H. Brown, Jr., is lending Judge Carroll in meeting the latter's campaign expenses, is one of the alarming exposures of the last few days. Eli H. Brown, Jr., has been a prominent figure in some unsavory transactions in Kentucky political history, only recently having been 'probed out' of a lucrative position by the Kentucky Legislature in a 'housecleaning' crusade, because his \$3,000 job carried with it no duties except that of holding out an itching palm for the pay envelope."

TO THE PUBLIC.

Having purchased of Mr. Charles P. Mann his Racket Store in this city, I will at once close out at very low prices some of the lines he has been carrying. This will be done in order to make room for the new line of dry goods, silks, notions, shoes, etc., that I have recently purchased, and which will be on display about August 6. My friends in Bourbon and Nicholas are especially asked to make note of my location, 607-609 Main street, Paris.

POPULAR SALESMAN TO TAKE LEXINGTON POSITION

After a long and faithful service as salesman at the clothing house of Mitchell & Blakemore, in this city, Mr. Robert Shea has resigned his position to take effect on September 1. Mr. Shea has accepted a similar position with the clothing and gent's furnish firm of Graddy, Ryan & Co., one of the largest firms in Lexington, and will be with them after the first of September.

Mr. Shea is a native Parisian, and one of the most popular young men in the city. He was for many years a member of the sales forces with Walsh Bros., in Mt. Sterling, and came to Paris with Mr. R. P. Walsh, going later to the firm of Mitchell & Blakemore. He has the clothing business practically "sewed up" as far as working knowledge, capacity and ability are concerned, and will make a valuable addition to the Graddy, Ryan & Co. sales forces.

TWO DAMAGE SUITS AGAINST THE L. & N.

In a suit filed in the office of Circuit Clerk W. H. Webb by Charles Monson, of Paris, against Walker Hines, Director-General of Railroads, and the Louisville & Nashville Railroad Company, damages in the sum of \$25,000 is prayed for.

The suit is for damages alleged to have been sustained by the burning of Monson's big tobacco barn near Tarr Station, on the Maysville branch of the L. & N., on November 3, 1918. The petition alleges that sparks from the defendant company's locomotive set fire to the building, and further alleges negligence on the part of the railroad company.

A similar suit was filed by Smith & Earlywine, asking damages in the sum of \$26,000, for the destruction of their crop of tobacco burned in the Monson barn, together with a large number of tobacco hogsheads, baskets, etc.

WHERE BEGGING IS AN ART

(Anglo-French Review.)

The well-fed German out here (in Syria) used to call the Turkish soldier an "artiste de faim." The poor Syrian is a genius at it. Begging is the most flourishing trade in Syria, and the only one at which the craftsman gets a proper apprenticeship. Interspersed among the real starvers you will find child actors who would win a fortune in London. They lie in an attitude of death in a woman's lap, their well-rounded limbs carefully covered with verminous rags. You will see them ten minutes later, when mamma has gone home for lunch, playing touch.

Thieving in all its branches—piracy from off-loading ships, fraud, smuggling of stolen goods, pilfering, and pocket picking—had such a boom on the arrival of the British as was never known in the best Turkish days, though now it is waning beneath a somewhat determined police surveillance. Animals? They talk at home of selling army horses there. Well, the Arab and even the Syrian knows the value of his horse, and that while he is in working order it pays to keep him so. That is the utmost limit; and as to worn horses, or any other animals, it would need all the staff of the R. S. P. C. A. to keep even the streets free of eyesores.

INTERESTING METALS

(Boys' Life.)

Most people think of metals as heavy, solid, non-combustible materials. What would you think had happened if, after using a spoon on a hike, you had placed it in hot water to wash it and found it, when you came to take it out, at the bottom of the water in a shapeless mass? This would happen if you used a spoon of an alloy of lead which melts at a temperature below the boiling point of water. If you hold a strip of magnesium, a very light metal, in the flame of a match it will catch fire and burn with a brilliant white light. This explains the use of powdered magnesium in flashlights for photography.

VETERAN OF THREE WARS DIES AT AGE OF 102.

After serving in the United States Army during three wars (Indian, Mexican and Civil), James M. Johnson, 102 years old, formerly United States Marshal in Kentucky, and more recently a government pension agent, died in Cincinnati, Saturday. Mr. Johnson was born in Jackson City, Tenn., and after joining the army during the Indian wars, moved to Kentucky, thence going to Indianapolis, in the government service.

LESLIE COUNTY MAN SAID TO BE 130 YEARS OLD.

The National Geographic Society has been asked officially to investigate the claim that John Shell, who lives on Greasy Creek, in Leslie county, is the oldest man in the civilized world to-day. He admits being 115 years old, but his old neighbors say he skips years very frequently in his reckoning.

"Uncle Henry" Chappell, himself 70 years old, and one of the foremost citizens of that community, says Mr. Shell was an old man back as far as he can remember, and that he has a tax ticket showing payment of taxes by the old man in 1809, which would make the latter at least 130 or 131 years old. The old man says his mother had a record but it was lost.

Mr. Shell's oldest children are now about 90 years old, and he has several great-great-grandchildren growing up. He has about nine children living, and no effort has been made to count the grandchildren, great-grandchildren and great-great-grandchildren. The total would probably come close to two hundred.

His eyesight is as good to-day as ever, and his greatest pleasure is to have the "boys" come in for old-time shooting matches, in which he generally beats present-day marksmen, most of them nearly a 100 years younger than he.

He came to the Kentucky mountains while the section was a real wilderness, following the hunting trails blazed a short time previously by Daniel Boone, and was himself a great hunter and marksman.

He attributes his long and vigorous life to his outdoor living, hunting mostly, and to his never-failing temperate habits. He never drank, ate, or used tobacco to excess at any time in his life. In fact, such indulgences have, as matter of habit, been rare.

It is claimed that forty years ago the old man's first set of teeth were all gone, and a new set of gleaming, pearly white teeth grew out, but decayed within a few years, since which time a fairly good set have grown out and are still on duty, his mouth looking reasonably full to-day. He is of rather light, wiry, tough build and when he has occasion to do so, gets on his horse and rides twenty miles into Hyden and back.

DIZZINESS IS ANNOYING

As Many Paris People Know Too Well.

When the kidneys are weak or disordered, they fall behind in filtering the blood of poisons. As these poisons attack the nerves, the result is felt in spells of vertigo, just as drunkenness will make a man dizzy from the poisoning of alcohol. Dizziness, headache, backache and irregularity of the kidney secretions are all signs of weak or disordered kidneys and should not be neglected. Use Doan's Kidney Pills, the home-endorsed kidney remedy. Read this Paris resident's statement:

Mrs. J. W. Markland, 326 High street, says: "Some few years ago I suffered severely with kidney complaint and some times was in a serious condition. I had a constant dull ache across the small of my back and I was terribly dizzy at times. I have used Doan's Kidney Pills for this trouble and they have helped me more than anything else, always relieving me of the complaints."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Markland had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

I. O. O. F. SENDS SOUVENIRS.

Grand Master George I. Breiel, of Newport, and Grand Secretary R. G. Elliott, of Lexington, offered a souvenir in January to be given to every member of the I. O. O. F. in Kentucky who brought in one candidate who was initiated during the term ending June 30. Several hundred of the souvenirs, which are historical pennants having on them a cut of the celebrated Seven Stars Tavern, in Baltimore, where the order of Odd Fellows was instituted in this country, April 26, 1819, have been sent out by Secretary Elliott. The souvenir commemorates the centenary of the order.

PORTO RICO WOULD TAX MOVIES OUT OF BUSINESS.

Porto Rico has hit on a nice little plan for raising revenue—if Porto Rico movie fans will pay any old price to see their favorites on the screen. It's a tax of two cents a foot on all film brought into the island. However, it means a tax of \$20,000 a year, on just one film exchange and already several of the importers of films are prepared to close shop. There are only twenty picture houses operating in the whole island.

A GREAT REMEDY.

The merits of Chamberlain's Colic and Diarrhoea Remedy are well known and appreciated, but there is occasionally a man who had no acquaintance with them and should read the following by F. H. Dear, a hotel man at Dupuyer, Mont. "Four years ago I used Chamberlain's Colic and Diarrhoea Remedy with wonderful results that I have since recommended it to my friends." (adv-aug)

BEAUTY SECRETS!

Where she gets her good looks, her healthy skin, her pink cheeks, is known to every one, because it is apparent that it is not due to cosmetics, paint and powder. But the true womanly beauty comes from good health, and this good health is a woman's secret.

Health comes with good physical machinery and good spirits, an active digestion. A body free from pains and aches comes with a tonic known for over fifty years as the best "temperance" tonic and nerve for woman—namely, Dr. Pierce's Favorite Prescription. It can be obtained in any drug store in liquid or tablet form, or send 10c to Dr. Pierce Invalids' Hotel, Buffalo, N. Y.

Cleansing of the intestinal tract is important. Take castor oil or select a vegetable pill. Such a one is composed of May-apple, leaves of aloe, root of jalap, and made into tiny sugar-coated pellets, to be had at every drug store as Dr. Pierce's Pleasant Pellets.

NEWS RELEASE FOR PEACE PROJECTS.

American civilian clothing may be conventional when worn by Americans, but when it is donned by the Balkan mountaineer it immediately becomes picturesque. They accomplish this not by changing the color or cut, but the way in which they apply the garments and by the way they combine with their own clothing.

Last week a party of American Red Cross women distributed garments to 600 mountaineers in this district. Then they left for another station, but returned to open up a soup kitchen and feeding station. On their arrival at Petesti they were greeted by the beneficiaries of a week ago, clad in their new American clothes.

"It was a wonderful transformation," said one of the Red Cross workers. "The children wore the pinafores as waists and the white underwear as bloomers. The girls had worked colored designs in the stocking and had evolved a style all their own out of the sweaters. Mountain flowers in their hair and about their clothes completed the costumes in many cases."

The mountain districts have suffered intensely from the war. For five years they have been able to obtain no clothing and very little food from the surrounding towns. The American distributions, now under way, are a big event in the various towns and are celebrated in an appropriate manner. The children strew flowers in the path of the arriving American workers, and elaborate ceremonies precede the presentations of clothing by presenting very formally to the Red Cross workers, a basket containing two eggs, all that could be obtained in this district.

CATARH CAN'T BE CURED

With local applications, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure you must take an internal remedy. Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system. Hall's Catarrh Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Medicine is what produces such wonderful results in catarrhal conditions. Send for testimonials, free.

POCKET BOOK LOST TWO YEARS AGO FLOWED UP

Two years ago Van J. Williams, of Murray, Ky., lost his pocketbook containing nine five dollar bills and some small change. Friday he plowed it up in his field. The pocketbook had decayed, but the money was in shape sufficient to handle carefully, and will be sent to the U. S. Treasury for redemption.

A TRAVELING MAN'S EXPERIENCE

You may learn something from the following by W. H. Ireland, a traveling salesman of Louisville, Ky. "In the summer of 1888 I had a severe attack of cholera morbus. I gave the hotel porter fifty cents and told him to buy me a bottle of Chamberlain's Colic and Diarrhoea Remedy and to take no substitute. I took a double dose of it according to the directions and went to sleep. At five o'clock the next morning I was called by my order and took a train for my next stopping place, a well man." THE MOST

DANGEROUS DISEASE

No organs of the human body are so important to health and long life as the kidneys. When they slow up and commence to lag in their duties, look out! Find out what the trouble is—without delay. Whenever you feel nervous, weak, dizzy, suffer from sleeplessness, or have pains in the back—wake up at once. Your kidneys need help. These are signs to warn you that your kidneys are not performing their functions properly. They are only half doing their work and are allowing impurities to accumulate and be converted into uric acid and other poisons, which are causing you distress and will destroy you unless they are driven from your system.

Get some GOLD MEDAL Haarlem Oil Capsules at once. They are an old, tried preparation used all over the world for centuries. DEATHS BY PREVENTABLE ACCIDENT.

Last year 1,258 people in Tennessee lost their lives by accident. Railroad accidents were responsible for 273 of these fatalities; automobile accidents for 87 of them; the remaining 898 were due to a great variety of causes; but it is worth noting that most of them were in the country districts. It is also worth noting that while people find a great many ways of getting killed, there are certain accidents that appear as causes of death year after year with distressing regularity.

Every year children are burned to death by falling into unprotected fireplaces, or into tubs of hot water, or by being fastened up in houses while their parents go away. Every year men are killed by having loaded wagons, or the improperly placed loads of wagons, overturn upon them. Every year men are caught in the harness and dragged to death by horses or mules. Every year men are killed by trusting "gentle" bulls or "safe" stallions.

"Safety first" is a good motto. Let us remember it a little better.

THE BEST PHYSIC.

When you want a pleasant physic try Chamberlain's Tablets. They are easy to take and mild and gentle in effect. They are highly prized by people who have become acquainted with their good qualities. They only cost a quarter.

APPEAL FOR AID IN FIGHTING FOREST FIRES.

The Montana State Council of Defense has issued an appeal for federal aid in fighting the forest fires which it is declared have got beyond control in various parts of that State.

With new blazes springing up in Western Montana and Northern Idaho and the supply of labor rapidly being drained, the forest fire situation has reached a stage where it excites alarm on the part of the federal forest service officials.

Three new fires were reported in the Lolo National Forest, three in the Missoula Forest and twelve in the Clearwater Forest. Other fires that have been burning for weeks also continue therein. It was expected the Rattlesnake fire that has burned over 5,000 acres, would be entrenched before to-morrow.

Aid of soldiers has been asked by the Montana State Council of Defense. High winds have fanned the blazes to a strength that makes their control by present forces problematical.

SWIFT & CO'S EMPLOYEES TAKE STOCK IN CONCERN

More than 20,000 employees of Swift & Company are to-day vested with part ownership in the packing concern. Announcement has just been made of the results that came of the gigantic profit-sharing plan recently offered by the company to its people. The avidity with which workers, from labelstickers to managers, seized the opportunity to become partners in the business, is nothing short of a sensation at the company's headquarters in Chicago.

So great was the demand for shares from employees that the company set aside sufficient stock to take care of such employees as are in the army and navy and who will be back within the next few months.

"We are pleased," declared F. S. Hayward, secretary of the company, "at what we look on as a vote of confidence on the part of our employees. Their response to our offer has been fairly amazing. I believe to-day that our stock ledgers will show a greater proportion of employee shareholders than any other large manufacturing concern in the country."

Stock which had been turned into the treasury some time ago afforded the company an opportunity which it had long sought, the stock subscription books were opened last May on the following plan:

Each employee earning up to \$20 a week was allowed to purchase one share of stock at its par value, \$100. The market quotation is much above this. Employees earning \$20 and up to \$30 a week were entitled to two shares; \$30 and up to \$40 a week, three shares; \$40 and up to \$50 a week, four shares; \$50 and over, five shares. No employee was allowed to purchase more than five shares. The stock is to be paid for at the rate of \$1 a share per week.

Employees whose economics for the immediate future were committed to the purchase of Liberty Bonds were given the right to reserve stock by making a \$10 deposit on each share; no further payment was required of them until they had completed purchase of their war bonds. The only pledge asked of any one taking advantage of the proposition was that he should look on his purchase as an investment and not a speculation.

"We hoped," said Mr. Hayward, "to put 10,000 new shareholders on our books. We had already 5,000 shareholding employees who had come into the company under our old system of selling stock at market value under a two-year payment plan. But the hurricane of applications that blew into the office after the new plan was announced straightway convinced us that we had underrated the interest of our employees in the business. Now, six weeks after we began accepting applications, we have 17,000 new share holders. And the most satisfactory thing about the whole affair is that we have associated with us as partners many of the very persons we most wanted—the plain workers."

The unexpected demand for shares has caused the company to create a special department to handle the applications. More than 2,500 of the new shareholders are women. Subscriptions have been received from employees at all of the plants of the company and also from each of the 400 towns and cities where the company has a branch house.

TREASURY TO ISSUE 4½% LOAN CERTIFICATES

WASHINGTON, July 31.—Loan certificates of five months' maturity bearing an interest at 4½ per cent, will be issued by the Treasury on the 1st and 15th of every month, beginning August 1, for the remainder of the calendar year, for the purpose of financing the government's requirements.

In making this announcement Sunday in a letter to the banking institutions of the country, Secretary Glass said the minimum amount of each issue in August and September would not exceed \$500,000,000, while subsequent issues would be about that amount, with the total estimated at \$3,500,000,000. The same period will see the redemption of \$2,997,540,500 in loan and tax certificates, leaving a net increase of \$502,559,500 to be refunded by the issue of short-term notes when market conditions are favorable.

All national and State banks and trust companies will be expected to take not less than 1.6 per cent of their gross resources in each semi-monthly issue of loan certificates during August and September, with the percentage falling to 0.8 toward the end of the calendar year.

Secretary Glass hopes to make the distribution of the new certificates as widespread as possible, believing that their investment value has been demonstrated to a large class of buyers in previous issues.

Reviewing the financial condition of the country Secretary Glass estimated income for the fiscal year ending June 30, 1920, at \$6,535,100,000 made up of internal revenue \$4,940,000,000, custom \$260,000,000, sale of public lands \$3,000,000, Victory Liberty Loan installments \$1,032,000,000.

"In the absence of a budget system or of any Treasury control of governmental expenditures," he added, "it is even more difficult to foretell the expenditures than the receipts of the government. The gross public debt should be on June 30, 1920, when presumably the whole cost of the war will have been financed, say \$26,516,506,160."

NO HORSES ON WORLD'S LARGEST FARM.

A 200,000-acre farm, the largest in the world, which is the direct result of the Government's efforts to stimulate the growing of wheat is described by Robert H. Moulton in Everybody's.

"The farm is devoted entirely to wheat, and if it produces somewhere around the country's average of twenty-eight bushels per acre, which is practically certain, it will add approximately five million six hundred and fifty-six thousand bushels to the 1919 wheat crop.

"All of the work is being done with tractors. Last fall, when the first ground was broken, there were fifty monster machines at work tearing up the prairie sod. This spring others have been at work. They plow on an average of one acre a minute for the working time. A record was made one day of eighteen hundred and eighty acres turned and broken. All the seeding, harvesting, etc., will also be done by tractors, and then, of course, there are the threshing machines. Hence the absolute no-accountness of horses about the place."

THRIFT STAMPS PERMANENT

Sale of thrift stamps, which at 25 cents apiece provided \$956,023,121 toward financing the war, will be continued permanently by the Treasury, Secretary Glass has announced. He informed the National Educational Association, which recently recommended that Government obligations be made available to small investors in peace times by continuing sale of stamps, that the penny-saving issues would be a regular part of the Government's financing hereafter.

Worship.

Sunday, 7:00 p. m.—Christian Endeavor Society.
Sunday, 8:00 p. m.—Union Service.

—Dr. F. W. Eberhardt, of Georgetown, will preach at the Baptist church Sunday morning at 10:45 o'clock.

—The Woman's Missionary Society of the Paris Methodist church will hold its regular monthly meeting Tuesday afternoon, Aug. 5, at 2:30 o'clock, in the church parlor. Every member is expected to be there.

—The pulpit at the Paris Methodist church will be occupied next Sunday morning by Prof. J. C. Lewis, of the Kentucky Wesleyan College, at Winchester. Sunday school at 9:30 a. m.; morning service at 10:45.

—Sunday, Sept. 14, will be Kentucky Memorial Day in the churches and all the pastors of every denomination will be asked to preach on the memorial to the Kentuckians who gave their lives in the war or on a subject related to the move to honor Kentucky's heroic dead.

—Jas. Faulconer and William Henry, two of our Bourbon county boys, who are students at Transylvania College, closed a very successful revival at Milford, Ky., Sunday, July 27. Forty-one were added to the church. Mr. Faulconer has been called to serve as pastor there for the coming year.

—The Christian Endeavor Society of the Paris Christian church will meet on the lawn just back of the church, the weather permitting, at 7:00 Sunday night. This will probably be a union meeting with the Christian Endeavor Society of the Presbyterian church. The subject will be "Our Relation To Others." Come and see who the leader will be.

—Rev. Robert N. Simpson, of Birmingham, Ala., better known to his host of friends and old schoolmates in this community as "Bob" Simpson, will conduct a revival meeting at the Old Union church, beginning August 3 and continuing to August 17. He is a native of Bourbon county, having spent his childhood days in the Centerville and Jacksonville vicinity. He is a graduate of Transylvania University and the College of the Bible, Lexington.

—The Forty Hours Devotion will be held at the Church of the Annunciation, in this city, beginning at eight o'clock this (Friday) morning and closing at ten o'clock Sunday morning. Services will be held at nine o'clock this morning, at eight o'clock Saturday morning, and at 7:30 o'clock in the evenings. Services will be conducted by one of the Franciscan priests from Cincinnati, who will come to Paris for that purpose.

—Thomas B. Talbot, Superintendent of Missions for the West Lexington Presbytery, left Wednesday for Lewisburg, W. Va., to attend the annual Presbytery for Virginia and West Virginia, where he will deliver three addresses on mountain mission work. From Lewisburg, Mr. Talbot will proceed to Montreat, N. C., to be present at the annual conference of the Presbyterian General Assembly, and also discuss the needs of mountain missions.

IT PAYS TO ADVERTISE!

While walking down Main street a few days ago Mr. J. P. McCord, of the Paris postoffice clerical force, found a pocketbook containing a sum of money. Mr. McCord, in order to locate the owner, had a small "Found" advertisement inserted in Tuesday's issue of THE NEWS. Before nine o'clock Tuesday morning the owner of the pocketbook called on Mr. McCord, proved ownership and the book and contents were turned over. The party told Mr. McCord that THE NEWS ad did it, and the paper had been in circulation only about four hours. It pays to advertise—in THE NEWS.

REMODELING OLD HOUSE FOR BROOM FACTORY.

The old brick building on Third street, in which the first steam laundry was established, has been purchased from Mr. George W. Stuart by Mr. N. H. Bradley, and is being remodeled for use as a broom factory. The old house is one of the landmarks of Paris. Of late years it had been used by Stuart & O'Brien as a seed-cleaning house.

MATRIMONIAL.

—County Clerk Pearce Paton granted a marriage license Wednesday to Mr. Albert Angel, of Clark county, and Mrs. Anna L. Henry, of Bourbon county.

—A marriage license was issued Tuesday from the office of County Clerk Pearce Paton, in this city, to Mr. William Ford Seigle and Miss Dorothy R. Hall, both giving Cincinnati as their place of residence.

—A marriage license was issued Tuesday from the office of the Fayette County Clerk to Mr. Alvin Jernston Prather, teacher, of Crittenden, Ky., and Miss Nancy Myers Whaley, daughter of Mr. and Mrs. Thomas Whaley, of Millersburg.

—As an invaluable side partner of sly Dan Cupid, Rev. J. T. Sharrard has helped in the past three days three couples to embark on the sea of matrimony for a more or less happy voyage. On Monday at his residence, in this city, he officiated at the wedding of Mr. Wm. Ford Seigle, of New Bremen, O., and Miss Dorothy R. Hall, of Cincinnati. On Wednesday at the residence of Mr. Koontz, in this city, he united in marriage Mr. Albert Angel, of Clark county, and Mrs. Anna Henry, of Bourbon county. Yesterday afternoon he was called to officiate at the ceremony uniting in holy wedlock Mr. Edgar Darrell and Miss Isabelle Hamilton, both of Nicholas county, the ceremony being performed at his residence, on South Main street. The attendants were Mr. Edward Taylor, of Paris, and Mr. Darrell's brother and sister, of Carlisle.

WHALEY-PRATHER.
—Miss Nancy Whaley, daughter of Mr. and Mrs. James Whaley, of Millersburg, and Prof. A. P. Prather, of Columbia, Ky., were married at 4:30 o'clock Tuesday afternoon, in the parlors of the First Methodist church in Lexington, the ceremony being performed by Rev. J. D. Redd, Presiding Elder of the Maysville district. The ceremony was witnessed by Mrs. Mary Whaley, mother of the bride, Mr. and Mrs. Claude Whaley, of Bath county, and Mrs. Prather, mother of the groom. Immediately following the ceremony Prof. and Mrs. Prather left for a visit to relatives in Indiana. On their return they will visit at the home of the bride's mother, Mrs. Mary Whaley, in Millersburg, before going to their home in Columbia, Ky., where the groom is the newly-elected Superintendent of Schools. Mrs. Prather is a charming young woman, a graduate of Millersburg College, and has the best wishes of a host of friends in this city and county and in her old home in Millersburg.

WOODS-RECORDS
—The marriage of Miss Mary Woods, daughter of Mrs. Jack Woods, of Eighth street, this city, to Mr. Walter T. Records, of Cynthiana, will take place to-morrow afternoon at the residence of the officiating minister, Rev. Father Delphin Carroll, in that city. The marriage will be witnessed by the bride-elect's two brothers, Roger and Baldwin Woods, of this city.

After the ceremony the young people will leave for a short bridal tour. On their return they will make their home in Winchester. Mr. Records is Signal Foreman on the Louisville & Nashville, and a former resident of Cynthiana, but now having headquarters in Winchester. Miss Woods is an accomplished young woman, who has for the past eight years been with A. F. Wheeler & Co., furniture dealers of this city, in the capacity of bookkeeper and cashier. In this position she proved herself thoroughly capable and efficient, and earned the highest esteem of her employers. She has a host of friends here and elsewhere who wish her all the joys of the wedded life.

TO THE PUBLIC.

Having purchased of Mr. Charles P. Mann his Racket Store in this city I will at once close out at very low prices some of the lines he has been carrying. This is done in order to make room for the new line of dry goods, silks, notions, shoes, etc., that I have recently purchased, and which will be in and on display about August 6. My friends in Bourbon and Nicholas are especially asked to make note of my location, 607-609 Main street, Paris. (1-tf) B. M. TUNE.

NEW LEASES SECURED BY CO-OPERATING L. & D. CO.

The Mutual Oil and Refining Co. has acquired 1,058 acres of leases in Elliott County, Ky., and will arrange for the Co-operating Land & Development Company to operate same. Investors are overlooking a good proposition when they do not buy stock in these two companies. (1t)

DEATHS.

PIERCE.

—The funeral of Mrs. Annie Pierce, aged about seventy-six, who died in St. Francis' Hospital, Tuesday, was held at the Church of the Annunciation, in this city, yesterday morning, at nine o'clock. The interment followed in the Paris Catholic Cemetery.

Mrs. Pierce was a sister of Mrs. Ellen C. Kiely, of Paris, at whose home she had spent the past winter and spring. She returned to Cincinnati about a month ago. Mrs. Pierce slipped and fell on the pavement at her home about two weeks ago, sustaining injuries which finally resulted in her death. The body was brought to the home of Mrs. Kiely in this city, Wednesday night, from where the funeral was held yesterday.

MR. THOMPSON ADDRESSED OHIO TAX-PAYERS LEAGUE

Mr. James H. Thompson, of Paris, returned yesterday from Columbus, Ohio, where he delivered an address on the subject of "Taxation" to the members of the Ohio Home Protective League, an association of farmers and merchants, which was organized in that city Wednesday. The association, which has a membership of five hundred, was also addressed by the Auditor of State of Ohio.

ANOTHER "SHORTAGE"

The shipping pens of the Louisville & Nashville at this point are said to be congested with livestock awaiting shipment to the Eastern markets. This is alleged to be due to a serious shortage of cars on this division of the L. & N., and the further fact that farmers and livestock dealers have been rushing their stock to market on account of the dry weather cutting off the pasturage.

CUTTING TOBACCO CROP

Often the middle of August sees some of the tobacco crop so far ripened that it is ready for cutting and housing. But for this to happen in July is very rare and unusual. Yet this is what is being done on the Clay farm, on the Winchester pike, near Paris. Mr. Kenney Williams, a tenant on the place, began cutting his tobacco crop Tuesday. The plants

were set out very early in the season, and thrived unusually well. The crop comprises twelve acres, which will average, it has been estimated, more than 1,500 pounds to the acre. It is of good quality all through.
